IT specialist

NNIT works with the latest technologies and some of the industry's largest and most complex projects.

Many different IT specialists find their way to NNIT. We employ the best of them, who put their competencies to use in an inspiring environment in close collaboration with other highly skilled IT professionals.

Depending on your background, profile and ambitions, you will work with large projects or the daily operations of our customers' IT environments. Your work can include optimization, design, development and documentation.

You have strong analytical skills as well as a structured approach to developing new solutions, ensuring robust daily operations, and finding durable solutions to problems and incidents.

Your development

We focus on ensuring an optimal environment for delivering high-quality solutions. This includes well-established processes and procedures, challenging tasks and a good social climate. You will enjoy flexible working conditions, a great deal of influence on your varied tasks and excellent opportunities for professional development through training and certification.

Meet us

TOM DJERNÆS

SENIOR OPERATIONS SPECIALIST, SAP BASIS PROJECTS

"It makes me proud to be part of such dedicated team always working hard to achieve our common goals."

TOR RØNNOW

SENIOR DEVELOPER, MICROSOFT AO

"In NNIT you can find the perfect match for your skills, career ambitions and daily work due to the size and international outlook of the company. There are so many bright and professional people working here. Throughout the years, I've had the opportunity to build long-lasting relationships with colleagues and clients both in the life sciences industry and the Danish public sector. What motivate me to drive to work early every day are the different projects, the company, the colleagues and working close to the clients."

ANNE TINGGAARD

ADVANCED APPLICATION MANAGER,
CLINICAL & SAFETY

"My job implies orchestrating the efforts made by a lot of people in the organization. It's both fun and challenging to deliver what's needed on time. I feel proud I have the chance to work with very dedicated colleagues every day. The international aspect of working in integrated teams with our Chinese colleagues is also one of the things a really enjoy in my daily work. Not two days are the same and this makes NNIT a very interesting workplace."

CANG THE DAO

SENIOR TECHNICAL CONSULTANT, AO
- REGULATORY DOCUMENT MGT.
SERVICES

"Right after my graduation, NNIT invested in me with trainings and certificates that allowed me to develop the additional skills and expertise needed. The warm welcome and kind colleagues were more than I could wish for. In the past years, I've had the opportunity to work abroad on large international projects for clients like Boehringer Ingelheim. It's great to work with different tasks and cultures. I get enlightened every day, also outside of NNIT."

STEEN NIELBO

SENIOR TECHNICAL CONSULTANT,
AO – PRODUCT SUPPLY

"It motivates me to provide high quality support by combining close contact to our customers with a strong collaboration with our international offices."

TANIA BILL PETERSEN

ADVANCED APPLICATION MANAGER,
AO –
ENTERPRISE CONTENT MANAGEMENT

"I've been with NNIT for many years. It has been an exciting journey, and I expect the coming time to be even more exciting.

I love the social part here! Being able to exercise in our fitness room with inspiring colleagues and to attend fun company events are just a few of the benefits that make a difference to me! It adds that little extra to an interesting and challenging job that is meaningful to the customers."
